

Forklift Academy Of India - Pune

Proudly Announces Appointment of

Si'tarc – Coimbatore

(Scientific and Industrial Testing And Research Centre)

As Our Franchisee for South India

At Coimbatore for convenience of all South India customers.

Forklift Academy of India (FAI)

(www.forkliftacademyindia.com) is the premier Safety Training Company, focusing primarily on Material Handling Equipments. Headquartered in Pune, India. The company was instituted in Jan 2008. Since inception, more than 114 successful programs across India have been conducted, training more than 1500 forklift operators and Safety Managers.

Mission

We at Forklift Academy of India, the premier Forklift training organization shall continuously strive to:

- * Provide the much needed forklift safety trainings to untrained but experienced Forklift Operators and make India a Forklift accident Free country.
- * Provide the Shortest duration Vocational Employable Forklift Operator program to the School dropouts.

Vision

We shall take forward our mission aggressively by establishing branches of Forklift Academy of India in all the major cities and towns of India directly or through franchisees, so that we can reach the target of producing 50000 trained Forklift operators by the year 2013.

Si'Tarc(Scientific and Industrial Testing And Research Centre)

was established in 1987 by The Southern India Engineering Manufacturers' Association (SIEMA) & The Coimbatore District Small Industries Association (CODISSIA) to cater the needs of small scale industries in around Coimbatore. Now it has grown to serve the industries all over India. Our NABL (National Accreditation Board for Testing & Calibration Laboratory) and BIS (Bureau of Indian Standards) approved Laboratory and Calibration centre is regularly conducting training programmes useful to industries. With our vast experience in this area we are now starting the training in fork lift operation which is the need of the day.
